

# Human Factors and Patient Safety Workshop

September 14 and 15, 2026  
Columbia, MD

A rigorous 1.5-day workshop that will teach you how to:

- Develop risk mitigation strategies and safety solutions to adverse events and near misses
- Better inform procurement decisions to prioritize usability and safety
- Safely integrate new technologies and devices through rigorous workflow analysis

## Who should attend?

- Patient safety/quality leaders and practitioners across all healthcare settings
- Risk managers and malpractice insurers
- Device manufacturers and health information technology developers
- Healthcare focused state and federal government agencies
