

# BC<sup>3</sup> | Breast Cancer Coordinated Care

An Interdisciplinary Conference

**September 15 to 17, 2022**

Renaissance Washington DC Downtown Hotel  
Washington, D.C.

## COURSE DIRECTORS

**Kenneth L. Fan, MD**

MedStar Health Research Institute  
MedStar Georgetown University Hospital  
Georgetown University School of Medicine  
Washington, D.C.

**David H. Song, MD, MBA, FACS**

MedStar Health  
Washington, D.C.

**Ian T. Greenwalt, MD**

MedStar Georgetown University Hospital  
Georgetown University School of Medicine  
Washington, D.C.

**Lucy De La Cruz, MD**

MedStar Georgetown University Hospital  
Washington, D.C.

MedStar Health

# Course Directors

**Lucy De La Cruz, MD**

Chief, Breast Surgery  
Director, Ourisman Breast Center Director  
MedStar Georgetown University Hospital  
Washington, D.C.

**Kenneth L. Fan, MD**

Scientific Director, Plastic and Reconstructive Surgery  
MedStar Health Research Institute  
Attending Plastic Surgeon  
MedStar Georgetown University Hospital  
Associate Professor, Plastic Surgery  
4th Year Clerkship Director  
Georgetown University School of Medicine  
Washington, D.C.

**Ian T. Greenwalt, MD**

Attending Surgeon, Breast Surgical Oncology  
MedStar Georgetown University Hospital  
Assistant Professor, General Surgery  
Georgetown University School of Medicine  
Washington, D.C.

**David H. Song, MD, MBA, FACS**

Physician Executive Director  
Integrated Surgical Services  
MedStar Health  
Washington, D.C.

For updated program information, please visit [BC3Conference.com](https://www.bc3conference.com)

# Faculty

## **Nadia Ashai, MD**

Breast Medical Oncologist  
Georgetown Lombardi Comprehensive Cancer Center  
MedStar Georgetown University Hospital  
Washington, D.C.

## **Marc E. Boisvert, MD, FACS**

Chief, Washington Regional Breast Surgery  
MedStar Health  
Medical Director, Center for Breast Health  
MedStar Washington Hospital Center  
Program Director, Breast Oncology Fellowship  
MedStar Georgetown University Hospital  
Professor, Surgery  
Georgetown University School of Medicine  
Washington, D.C.

## **Wei F. Chen, MD, FACS**

Co-Director, Center for Lymphedema Research  
and Reconstruction  
Surgeon, Plastic and Reconstructive Surgery  
Head, Microsurgery & Supermicrosurgery  
Cleveland Clinic  
Professor, Surgery  
Case Western Reserve University School of Medicine  
Cleveland, OH

## **Patricia Clark, MD, FACS**

Breast and Oncoplastic Surgeon  
The Ironwood Women's Centers  
Ironwood Cancer and Research Centers  
Scottsdale, AZ

## **Brian J. Czerniecki, MD, PhD**

Chair and Senior Member, Department of Breast Oncology  
Program Leader in Breast Oncology  
Mason Chair in Oncology  
Moffitt Cancer Center  
Tampa, FL

## **Gabriel Del Corral, MD, FACS**

Director, MedStar Center for Gender Affirmation  
Plastic & Reconstructive Surgery  
MedStar Franklin Square Medical Center  
MedStar Washington Hospital Center  
Associate Professor, Plastic Surgery  
Georgetown University School of Medicine  
Washington, D.C.

## **Warren A. Ellsworth IV, MD, FACS**

Medical Director, Plastic Surgery  
Houston Methodist West Hospital  
Associate Professor, Plastic Surgery  
Weill Cornell Medical College  
Adjunct Associate Professor, Plastic Surgery  
Baylor College of Medicine  
Houston, TX

## **Ramon Go, MD**

Medical Director, Acute Pain Service  
MedStar Georgetown University Hospital  
Assistant Professor, Anesthesiology  
Georgetown University School of Medicine  
Washington, D.C.

## **Sharad Goyal, MD**

Chief, Radiation Oncology  
Professor, Radiology  
The George Washington University  
Washington, D.C.

## **Kathleen Kiernan Harnden, MD, MBA**

Director, Breast Medical Oncology  
Inova Schar Cancer Institute  
Assistant Professor, Medicine  
University of Virginia  
Fairfax, VA

## **Claudine Isaacs, MD**

Associate Director, Clinical Research  
Co-Director, Fisher Center for Hereditary Cancer and  
Clinical Genomics Research  
Professor, Medicine and Oncology  
Georgetown University  
Leader, Clinical Breast Cancer Program  
MedStar Georgetown University Hospital  
Washington, D.C.

## **Daniel R. Leff, FRCS, MS, PhD**

Reader in Breast Surgery  
Honorary Consultant Oncoplastic Breast Surgeon  
Department of Surgery and Cancer  
BioSurgery and Surgical Technology  
Imperial College London  
London, England

## **Candace Mainor, MD**

Breast Medical Oncologist  
MedStar Georgetown University Hospital  
Assistant Professor, Medicine  
Division Hematology and Oncology  
Georgetown University School of Medicine  
Washington, D.C.

## **Bruce Mann, MBBS, PhD**

Surgical Oncologist  
Director, Breast Cancer Services  
Royal Melbourne and Royal Women's Hospital  
Professor, Surgery  
The University of Melbourne  
Kew, Australia

## **Evan Matros, MD, MMSc, MPH**

Associate Attending, Plastic Surgery  
Memorial Sloan Kettering Cancer Center  
New York, NY

## **Maureen McBeth, MPT, CLT-LANA**

M. McBeth Consulting, LLC  
Ellicott City, MD

## **Ketan M. Patel, MD**

Associate Professor, Plastic Surgery  
University of Southern California  
Los Angeles, CA

## **Anne W. Peled, MD**

Plastic and Reconstructive Surgery, Breast Surgery  
Sutter Health California Pacific Medical Center  
San Francisco, CA

## **Ziv M. Peled, MD**

Plastic and Peripheral Nerve Surgeon  
Peled Plastic Surgery  
San Francisco, CA

## **Katherine W. Power, MD**

Program Director, Cancer Rehabilitation Fellowship  
MedStar National Rehabilitation Network  
Clinical Assistant Professor, Rehabilitation Medicine  
Georgetown University School of Medicine  
Washington D.C.

## **Sonali Rudra, MD**

Associate Program Director, Radiation Oncology  
MedStar Georgetown University Hospital  
Associate Professor, Radiation Medicine  
Georgetown University School of Medicine  
Washington, D.C.

# Faculty

## Hani Sbitany, MD

Chief, Plastic and Reconstructive Surgery  
Mount Sinai West Medical Center  
Associate Professor, Surgery  
Mount Sinai Medical Center  
New York City, NY

## Deana Shenaq, MD

Director, Microsurgery  
Co-Director, Breast Cancer Service Line  
Program Director, Plastic Surgery Residency & Fellowship  
Assistant Professor, Division of Plastic & Reconstructive Surgery  
Rush University Medical Center  
Chicago, IL

## Karen L. Smith, MD, MPH

Medical Oncologist, Breast Cancer  
Johns Hopkins Sidney Kimmel Comprehensive Cancer Center, Women's Malignancies Disease Group  
Assistant Professor, Oncology  
Johns Hopkins University School of Medicine  
Baltimore, MD

## Jennifer D. Son, MD

Director, Breast Health Center  
MedStar Montgomery Medical Center  
Olney, MD  
Assistant Professor, Surgery  
MedStar Georgetown School of Medicine  
Washington, D.C.

## Judy H. Song, MD

Chief, Breast Imaging  
Department of Radiology  
MedStar Georgetown University Hospital  
Assistant Professor, Radiology  
Georgetown University School of Medicine  
Washington, D.C.

## Peter J. Taub, MD, MS, FACS, FAAP

Professor of Surgery, Pediatrics, Dentistry, and Neurosurgery  
The Mount Sinai Hospital  
New York City, NY

## Neil K. Taunk, MD, MSCTS

Radiation Oncologist  
Director, Imaging Sciences Research  
Penn Medicine Abramson Cancer Center  
Assistant Professor, Radiation Oncology and Radiology  
Perelman School of Medicine, University of Pennsylvania  
Philadelphia, PA

## Laura K. Tom, MD

Attending Physician, Plastic and Reconstructive Surgery  
MedStar Washington Hospital Center  
Washington, D.C.

## Robert D. Warren, MD, MBA, FACP

Clinical Professor, Medicine  
Georgetown University School of Medicine  
Washington, D.C.

## Patricia Wehner, MD, FACS

Surgeon, Breast  
MedStar Regional Breast Health Program  
MedStar Southern Maryland Hospital  
MedStar Washington Hospital Center  
Associate Program Director, MedStar Georgetown Breast Fellowship  
MedStar Georgetown University Hospital  
Site Director, Breast Surgery  
MedStar Southern Maryland Hospital  
Assistant Professor, Surgery  
Georgetown University School of Medicine  
Washington, D.C.

## Anna C. Weiss, MD

Surgeon, Breast Surgery  
Dana-Farber/Brigham Cancer Center  
Assistant Professor, Surgery  
Harvard Medical School  
Boston, MA

## Shawna C. Willey, MD, FACS

Peterson Chair of Breast Cancer Research  
Program Director, Breast Oncology Fellowship  
Inova Schar Cancer Institute  
Inova Fairfax Hospital  
Professor, Medical Education  
University of Virginia  
Inova Campus  
Fairfax, Virginia

## Eric Wisotzky, MD

Chief, Division of Rehabilitation Medicine  
Director, Cancer Rehabilitation  
MedStar National Rehabilitation Network  
Associate Professor, Rehabilitation Medicine  
Georgetown University School of Medicine  
Washington, D.C.

## Jay C. Zeck, MD

Medical Director Laboratory Medicine  
MedStar Georgetown University Hospital  
Associate Professor, Pathology  
Georgetown University School of Medicine  
Washington, D.C.

# Continuing Education Credit Information

## Course Description

Breast cancer is the most common cancer affecting women. Diagnosis and treatments are part of the practice of a wide number of medical specialists and there are national initiatives calling for a multidisciplinary approach to the care of breast cancer patients. The multiple components and aspects of the treatment of breast cancer require a high level of coordinated care among different specialties. This coordination becomes even more challenging because of the rapid evolution of new treatment modalities and is especially important due to the possibility of improved outcomes both in terms of curing the disease, as well as maintaining the physical and psychological well-being of the patient.

The symposium will offer presentations and panel discussions on a number of currently important topics in the local treatment of breast cancer including oncoplastic surgery, and the role of prophylactic mastectomy. Experts in the field will cover the state of partial breast irradiation, intraoperative radiation therapy, timing and indications for post-mastectomy radiation, and neoadjuvant chemotherapy and its role in restaging breast cancer. Additionally, the program will examine nipple-sparing mastectomy both therapeutic and prophylactic, treatment of breast cancer in a previously augmented breast, the status of MRI screening for breast cancer, the effects of reconstruction on the delivery of post-mastectomy radiation, and the evolving role of alloplastic materials in breast reconstruction. It will also cover in depth the state-of-the-art emerging field of lymphatic surgery to treat lymphedema. The latest updates on national trends and data on financial toxicity related to cancer care will also be discussed.

This three-day symposium will evaluate and discuss different models for coordination of breast cancer care from major centers across the United States. The intent of this symposium is not only to educate the faculty and attendees about the wide range of options available for breast cancer coordinated care, but also to encourage the development of more standardized treatment strategies and protocols for the local treatment of breast cancer.

## Learning Objectives

- Identify how artificial intelligence may impact breast cancer care in the future.
- Recognize the impact that financial toxicity related to the care of breast cancer can have on access to care and on outcomes.
- Implement integrative approaches to management of side effects.
- Recognize the impact of breast cancer on the young patient.
- Identify new frontiers of targeted chemotherapy.
- Discuss strategies to de-escalate surgical approaches.
- Apply an evidence-based protocol for the conservative treatment of lymphedema, including primary, adjunctive, and alternative treatments.
- Identify the new options available to surgically treat patients with lymphedema.
- Describe different philosophies regarding radiation delivery including new techniques and how to minimize side effects to the surrounding tissue.
- Implement surgical techniques designed to improve the likelihood of nipple preservation and reduce the risk of flap or nipple necrosis with mastectomy.
- Define the roles and responsibilities of physical and occupational therapists in the continuum of care post-mastectomy.
- Describe different philosophies regarding timing of radiation, radiation delivery and reconstruction and how to minimize side effects.
- Identify the different methods of breast reconstruction including implant-based reconstruction, flap-based reconstruction, and microsurgical-assisted free flap reconstruction.
- Identify the importance of the total care of the patient including the financial burden and impact this may have on the healing process.
- Recognize racial disparities in breast cancer treatment.
- Identify the roles and responsibilities of members of the healthcare team involved in the collaborative care of patients with breast cancer.
- Integrate a team-based approach in the care of patients with breast cancer.

# Continuing Education Credit Information

## Target Audience

This program is specifically designed to be a multidisciplinary program and is intended for a wide range of medical practitioners who are interested in the latest information regarding the local treatment of breast cancer. The program is purposely targeted for general, plastic, breast, and oncologic surgeons, as well as radiation and medical oncologists. It is also intended for primary care physicians, oncology nurses and practitioners, physical therapists, occupational therapists, genetic counselors, hospital administrators, and other members of the healthcare team who have an interest in the treatment of breast cancer patients.

## Accreditation

JOINTLY ACCREDITED PROVIDER™  
INTERPROFESSIONAL CONTINUING EDUCATION

In support of improving patient care, MedStar Health is jointly accredited by the Accreditation Council for Continuing Medical Education (ACCME), the Accreditation Council for Pharmacy Education (ACPE) and the American Nurses Credentialing Center (ANCC) to provide continuing education for the healthcare team.

## Credit Designation

IPCE CREDIT™

This activity was planned by and for the healthcare team, and learners will receive 13.75 Interprofessional Continuing Education (IPCE) credits for learning and change.

**PHYSICIANS:** MedStar Health designates this live activity for a maximum of 13.75 *AMA PRA Category 1 Credits*™. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

**NURSES:** This activity is approved for 13.75 ANCC contact hours. Nurses should claim only the credit commensurate with the extent of their participation in the activity.

**OCCUPATIONAL THERAPISTS:** An application has been made to the Maryland Board of Occupational Therapy Practice for continuing education credits.

**PHYSICAL THERAPISTS:** An application has been made to the Maryland Board of Physical Therapy Examiners for continuing education credits.

For updated program information, please visit [BC3Conference.com](https://www.bc3conference.com)

# Agenda

THURSDAY, SEPTEMBER 15

10:00 a.m. Registration and Morning Welcome Break

11:20 a.m. Welcome Remarks  
David H. Song, MD, MBA, FACS

11:30 a.m. **BC3 2022 Scott L. Spear, MD Tribute Award Lecture: People, Places and Time: Reflections of a Breast Oncologist**  
Introduction By: Shawna C. Willey, MD, FACS  
Awardee: Robert D. Warren, MD, MBA, FACP

## SESSION I: LIFE AFTER BREAST CANCER: KEY CONCEPTS IN SURVIVORSHIP

Moderator: Eric Wisotzky, MD

1:00 p.m. **Management of Side Effects: The Power of Integrative Approaches**  
Katherine W. Power, MD

1:15 p.m. **Critical Considerations of Pre-habilitation and Rehabilitation for Lymphedema in Breast Cancer**  
Maureen McBeth, MPT, CLT-LANA

1:30 p.m. **Questions and Discussion**  
Moderator: Eric Wisotzky, MD  
Panelists: M. McBeth, K. Power

1:45 p.m. **Break and Visit the Exhibits and Abstract Poster Presentations**

## SESSION II: NEW FRONTIERS OF TARGETED CHEMOTHERAPY IN 2022

Moderator: Robert D. Warren, MD, MBA, FACP

2:15 p.m. **State of the Art Neoadjuvant and Adjuvant Therapies for Triple Negative Breast Cancer**  
Candace Mainor, MD

2:30 p.m. **Treatment of ER+ Breast Cancer**  
Nadia Ashai, MD

2:45 p.m. **Disparities in Tumor Biology by Race and Ethnicity**  
Lucy De La Cruz, MD

3:00 p.m. **Genomic Profiling and Precision Medicine**  
Kathleen Kiernan Harnden, MD

3:15 p.m. **Questions and Discussion**  
Moderator: Robert D. Warren, MD, MBA, FACP  
Panelists: N. Ashai, L. De La Cruz, K. Harnden, C. Mainor

## SESSION III: BREAST CANCER IN THE TRANSGENDER POPULATION

3:30 p.m. **Can a Consensus for Screening Be Reached Panel Discussion?**  
Gabriel Del Corral, MD, FACS;  
Hani Sbitany, MD;  
Peter J. Taub, MD, MS, FACS, FAAP

5:25 p.m. **Adjourn**

5:30 p.m. **Welcome Reception with Abstract Posters and Exhibitors**

## Announcing the BC3 2022 Scott L. Spear, MD Tribute Award

MedStar Georgetown University Hospital and BC3 2022 is honored to present **Robert D. Warren, MD, MBA, FACP** with the **BC3 2022 Scott L. Spear, MD Tribute Award**.

Dr. Robert Warren is a medical oncologist who has focused his career on the evaluation and treatment of patients with breast cancer and those who are at an increased risk of developing breast cancer. He is Professor of Clinical Medicine in the Department of Internal Medicine at Georgetown University School of Medicine.

Dr. Warren is a graduate of the University of Missouri School of Medicine, where he also completed his residency in internal medicine. He completed his fellowship in medical oncology in the Medicine Branch of the

National Cancer Institute in Bethesda, Maryland, where his interest in breast oncology was further enhanced.

In 1995, Dr. Warren joined The Lombardi Comprehensive Cancer Center as its Clinical Director. Among the projects he facilitated, he views the establishment of the Betty Lou Ourisman Breast Health Center as a truly unique, highly significant contribution to the care of patients in the Washington metro area. He was privileged to be the Co-Director of the Center for many years and continues as a consultant. He remains active in the medical oncology and internal medicine teaching programs.

During his tenure at MedStar Georgetown, Dr. Warren also completed a MBA degree from Johns Hopkins University. He has been recognized as a Fellow in the American College of Physicians.

Please join us in honoring Dr. Warren on Thursday, September 15 with an introduction by **Shawna C. Willey, MD, FACS**

For updated program information, please visit [BC3Conference.com](https://www.bc3conference.com)

# Agenda

FRIDAY, SEPTEMBER 16

7:30 a.m. **Breakfast and Visit Exhibitors and Abstract Poster Presentations**

7:45 a.m. **Industry Symposium I**

9:00 a.m. **Opening Remarks**  
David H. Song, MD, MBA, FACS

9:05 a.m. **Keynote Lecture: Intratumoral Therapy to Enhance Responses in Breast Cancer**  
Brian J. Czerniecki, MD, PhD

9:45 a.m. **Keynote Lecture Questions and Discussion**  
Moderator:  
David H. Song, MD, MBA, FACS  
Panelist: Brian J. Czerniecki, MD, PhD

## SESSION IV: MANAGEMENT OF AXILLARY DISEASE

Moderator: Lucy De La Cruz, MD

10:00 a.m. **Revisiting a Positive Sentinel Lymph Node Biopsy (SLNBX): Can Radiation Replace an Axillary Dissection**  
Neil K. Taunk, MD, MSCTS

10:15 a.m. **The Impact of Neoadjuvant Chemotherapy on the Future of Axillary Surgery: Can we Avoid Removing Nodes?**  
Anna C. Weiss, MD

10:30 a.m. **Can Pathologic Findings De-escalate Axillary Surgery?**  
Jay C. Zeck, MD

10:45 a.m. **How My Lymphedema Surgery Approach Evolves Over Time and How I Do It in 2022**  
Wei F. Chen, MD, FACS

11:00 a.m. **Questions and Discussion**  
Moderator: Lucy De La Cruz, MD  
Panelists: W. Chen, N. Taunk, A. Weiss, J. Zeck

11:20 a.m. **Break and Visit the Exhibits and Abstract Poster Presentations**

## SESSION V: THE MULTI-DISCIPLINARY APPROACH TO THE BREAST CANCER PATIENT: DIAGNOSTIC IMAGING AND RADIATION TREATMENT PLANS

Moderator: Patricia Clark, MD, FACS

11:40 a.m. **Primary Radiotherapy and Deep Inferior Epigastric Perforator (DIEP) Flap Reconstruction (PRADA) Trial: A Multi-centre Prospective Cohort Study**  
Daniel Leff, FRCS, MS, PhD

11:55 a.m. **Updates on the Delivery of Precision Radiation**  
Sharad Goyal, MD

12:10 p.m. **Can Imaging Predict Mastectomy Flap Thickness and Surgical Outcome?**  
Judy H. Song, MD

12:25 p.m. **Current Indications for Radiation: A Role for Radiation in De-escalating Surgical Treatment**  
Sonali Rudra, MD

12:40 p.m. **Post-operative Radiotherapy Omission in Selected Patients with Early breast Cancer Trial (PROSPECT)**  
Bruce Mann, MBBS, PhD

12:55 p.m. **Questions and Discussion**  
Moderator: Patricia Wehner, MD, FACS  
Panelists: S. Goyal, D. Leff, B. Mann, S. Rudra, J. Song

1:15 p.m. **Lunch Break and Visit the Exhibits and Abstract Poster Presentations**

1:45 p.m. **Industry Symposium II**

## SESSION VI: LATEST ADVANCES IN SURGICAL ONCOLOGY

Moderator: Lucy De La Cruz, MD

3:00 p.m. **Expanding the Indications for Nipple Sparing Mastectomy (NSM) in Ptotic Patients**  
Hani Sbitany, MD

3:15 p.m. **Multi-disciplinary Management of Lymphedema**  
Ian T. Greenwalt, MD

3:30 p.m. **Outcomes from Nerve Sparing and Nipple Neurotizing Mastectomies**  
Anne W. Peled, MD

3:45 p.m. **Radical Oncoplasty for the Breast Surgeon: Attaining Margins and Preserving Aesthetic Outcome**  
Patricia Wehner, MD, FACS

4:00 p.m. **Oncologic Safety of Nipple Sparing Mastectomies (NSM)**  
Jennifer D. Son, MD

4:15 p.m. **Questions and Discussion**  
Moderator: Lucy De La Cruz, MD  
Panelists: I. Greenwalt, A. Peled, H. Sbitany, J. Son, P. Wehner

4:30 p.m. **Afternoon Break and Visit the Exhibitors and Abstract Poster Presentations**

# Agenda

FRIDAY, SEPTEMBER 16

## SESSION VII: SPECIAL TOPICS

Moderators: Marc E. Boisvert, MD, FACS;  
Claudine Isaacs, MD

- 4:45 p.m. **The Young Breast Cancer Patient: Impact on Fertility, Sexuality, and Body Image**  
Karen L. Smith, MD, MPH
- 5:00 p.m. **Breast Surgery in a Global Pandemic: Lessons Learned on Optimizing Breast Cancer Treatment**  
David H. Song, MD, MBA, FACS
- 5:15 p.m. **Regional Blocks for the Breast Surgeon: What Can We Do to Limit Narcotic Intake**  
Ramon Go, MD

- 5:30 p.m. **Disparity Reduction in Breast Cancer Care**  
Evan Matros, MD, MMSc, MPH
- 5:45 p.m. **Questions and Discussion**  
Moderator:  
Marc E. Boisvert, MD, FACS;  
Claudine Isaacs, MD  
Panelists: R. Go, E. Matros, K. Smith,  
D. Song

6:00 p.m. **Oral Abstract Presentations**

6:30 p.m. **Oral Abstract Award Presentation**

SATURDAY, SEPTEMBER 17

- 7:00 a.m. **Cadaver Lab with the Masters Learning Cutting Edge Tips and Tricks**  
Lucy De La Cruz, MD; Kenneth L. Fan, MD;  
Daniel Leff, FRCS, MS, PhD;  
Anne W. Peled, MD; Ziv M. Peled, MD;  
Jennifer D. Son, MD;  
David H. Song, MD, MBA, FACS;  
Laura K. Tom, MD
- 8:00 a.m. **Breakfast and Visit the Exhibitors and Abstract Poster Presentations**
- 8:30 a.m. **Industry Symposium III**
- 10:00 a.m. **Opening Remarks**  
David H. Song, MD, MBA, FACS

## SESSION VIII: LATEST ADVANCES IN RECONSTRUCTIVE SURGERY

Moderator: David. H. Song, MD, MBA, FACS

- 10:05 a.m. **Updates on Lymphatic Surgery**  
Ketan M. Patel, MD
- 10:20 a.m. **Neurotization Techniques in Implant-Based Breast Reconstruction: Autograft vs. Allograft**  
Ziv M. Peled, MD
- 10:35 a.m. **Nonstandard Flaps: Pushing the Limits of Autologous Reconstruction**  
Deana Shenaq, MD

- 10:50 a.m. **The Role of Synthetic Meshes in Breast Reconstruction: A Natural Competitor to Biologics?**  
Warren A. Ellsworth IV, MD, FACS
- 11:05 a.m. **Questions and Discussion**  
Moderator:  
David H. Song, MD, MBA, FACS  
Panelists: W. Ellsworth, K. Patel, Z. Peled,  
D. Shenaq

## SESSION IX: MASTERS CLASS IN MARKINGS AND DECISION MAKING: INNOVATIONS IN SURGICAL ONCOLOGY

Moderator:  
David H. Song, MD, MBA, FACS  
Panelists: Patricia Clark, MD, FACS;  
Lucy De La Cruz, MD; Anne W. Peled, MD;  
Hani Sbitany, MD;  
Patricia Wehner, MD, FACS

12:30 p.m. **Closing Remarks**  
David H. Song, MD, MBA, FACS

12:45 p.m. **Adjourn**

# Registration Information

## Registration Fees

	Now to September 14	September 15 to 17
Physician	\$400	\$450
Resident or Fellow	\$175	\$225
Physician Assistant	\$275	\$325
Nurse Practitioner	\$275	\$325
Nurse	\$275	\$325
Physical Therapist	\$275	\$325
Occupational Therapist	\$125	\$125
Allied Health Professional	\$550	\$600

## Add Ons

Cadaver Lab	\$300	\$300
Reception Guest	\$50	\$50

## Online Registration Preferred

Please visit our secure website at [www.bc3conference.com](http://www.bc3conference.com) for updated program and registration information. We are unable to accept registrations or cancellations by telephone. If you have questions regarding registration or do not receive an email confirmation of your registration within 1-2 business days, please contact us at [medstarBC3@gmail.com](mailto:medstarBC3@gmail.com).

## Cancellation Policy

Cancellations made in writing by July 29, 2022 will be subject to a 50% penalty. No refunds will be given after July 29, 2022. Cancellations will not be accepted by telephone. In the unlikely event that the course is canceled, MedStar Health will refund the registration fee, but is not responsible for any travel costs. Please call 202-780-1655 or email [medstarBC3@gmail.com](mailto:medstarBC3@gmail.com) if you have any questions or need any additional information.

## Venue Information

### RENAISSANCE WASHINGTON DC DOWNTOWN HOTEL

999 9th St NW, Washington, D.C. 20001

**Phone:** (202) 898-9000

**Room Block Rate:** \$289/night, plus applicable tax

**Book Online:** Reserve your room by August 24, 2022 to receive discounted rate!

Please call Renaissance Washington DC Downtown Hotel, Washington, D.C. reservations at (202) 898-9000 or visit our website at [www.bc3conference.com](http://www.bc3conference.com) to reserve a room at the group rate. When making reservations by phone, please indicate that you are part of the "Breast Cancer Coordinated Care" group.

For grant information please contact Ada Guo at [ada.guo@medstar.net](mailto:ada.guo@medstar.net)  
For exhibit support information please contact  
Elizabeth Romano at [elizabeth.s.romano@medstar.net](mailto:elizabeth.s.romano@medstar.net)

# Reasons to Attend BC3 2022

## Network With Your Peers

BC3 provides the opportunity to network with like-minded healthcare practitioners during breaks and receptions. Form new and lasting relationships that you can maintain throughout your career.

## Learn From The Leaders

Participate in educational content from the top specialists from the nation with interactive panel discussions and special session: Masters Class in Markings and Decision Making: Innovations in Surgical Oncology

## Hand-On Training

On Saturday, September 17 there will be a hands-on Cadaver Lab with select faculty. Add this on to your registration to maximize your experience!

For updated program information, please visit

[WWW.BC3CONFERENCE.COM](http://WWW.BC3CONFERENCE.COM)
