

Continuing Education Credit Information

Course Description

This annual educational symposium is proud to update our medical community on the state-of-the-art care of gastrointestinal and soft tissue neoplasms, while focusing on the importance of a multidisciplinary approach to the diagnosis and treatment of these rare and complicated disease entities, including gastrointestinal neuroendocrine tumors and soft tissue sarcomas. National and international renowned guest speakers and distinguished faculty, including those from MedStar Health and MedStar Georgetown Cancer Institute will discuss the significant roles of evolving new diagnostic modalities, immune and molecular targeted therapies, the use of organ-sparing surgery, and the use of state-of-the art radiotherapeutics in these rare and complex cancers.

Learning Objectives

- Discuss novel imaging techniques for gastric neoplasms and gastric neuroendocrine tumors (NETs)
- Discuss novel imaging techniques for soft tissue sarcomas
- Identify the diagnostic and therapeutic role of endoscopy in gastric tumors and NETs
- Recognize the importance of molecular markers in the diagnosis and treatment of gastric neoplasms
- Identify novel radiotherapeutic targeted and immune therapies for gastric NETs and soft tissue sarcomas
- Recognize the role and indications for radiation therapy, including proton beam therapy, in the treatment of soft tissue sarcomas
- Implement best practices in managing "lumps and bumps" vs. soft tissue sarcomas by primary care providers and general surgeons
- Identify the various treatment options for limb-preserving surgery in persons with extremity soft tissue sarcomas

Target Audience

This conference is intended for gastroenterologists, radiation oncologists, surgeons, nuclear medicine technologists, radiologists, pathologists, endocrinologists, orthopedic surgeons, medical students, residents, fellows, nurses, nurse practitioners, and physician assistants. In addition, the program is intended for members of the healthcare team who are interested in the treatment of gastric and soft tissue neoplasms.

Accreditation

JOINTLY ACCREDITED PROVIDER™
INTERPROFESSIONAL CONTINUING EDUCATION

In support of improving patient care, MedStar Health is jointly accredited by the Accreditation Council for Continuing Medical Education (ACCME), the Accreditation Council for Pharmacy Education (ACPE), the American Nurses Credentialing Center (ANCC), and the American Academy of PAs (AAPA) to provide continuing education for the healthcare team.

Credit Designation

IPCE CREDIT™

This activity was planned by and for the healthcare team, and learners will receive 5.25 Interprofessional (IPCE) Continuing Education credits for learning and change.
