

Continuing Education Credit Information

Course Description

This one-day symposium will provide a comprehensive update on recent advances in the care of patients with thoracic malignancies. There is increasing recognition of a gap between evidence-based guidelines and clinical practice, with research demonstrating that up to 40% of patients fail to receive effective therapies and 20% of patients receive therapies that are ineffective or even harmful. Reducing these gaps leads to reduction in patient morbidity and mortality, and decreased health care costs. With the rapid advances in thoracic oncology, this symposium attempts to crystallize current knowledge and provide critical information and key take-home points to the busy practicing clinician involved in the care of patients with thoracic malignancies. Key focus topics will include guidelines to establish an effective clinically oriented smoking cessation program, the changes to lung cancer staging using the IASLC 8th edition guidelines, novel diagnostic tools such as robotic bronchoscopy, patient selection for multi-modality therapy in locally advanced lung cancer including surgical controversies and role of immunotherapy and proton beam radiation, advances in the biology and management of small cell lung cancer, and recent advances in immuno-oncology and targeted therapies in lung cancer. The symposium will also focus on strategies to detect and manage toxicities of immunotherapy for nurses and pharmacists. This symposium will review all of the recent advances in a highly interactive case-based discussion format, supported by didactic lectures by thought leaders and other well-respected faculty in each field.

Learning Objectives

Physicians

- Determine strategies to establish an effective evidence-based clinical smoking cessation program
- Apply the 8th edition of the IASLC staging system and utilize appropriate staging modalities to arrive at the correct stage to guide evidence-based treatment options
- Critique the use of novel diagnostic tools such as robotic bronchoscopy
- Debate the controversies surrounding clinical decision making in locally advanced lung cancer including the role of surgery, proton beam radiation and immunotherapy
- Explain the evolving data pertaining to immuno-oncology in lung cancer with emphasis on appropriate sequencing/combo with chemotherapy and the role of potential biomarkers for immunotherapy
- Discuss recent progress and future directions in the development of targeted therapies for lung cancer, in common and uncommon oncogenic mutation driven lung cancer
- Evaluate the latest advances in the biology and management of small cell lung cancer

Nurses

- Discuss nursing strategies for early detection of immune-mediated toxicities
- Recognize common immune related adverse effects and factors that increase patient's risk of developing immune-related adverse effects

Target Audience

This conference is intended for pulmonologists, medical and radiation oncologists, pathologists, radiologists including nuclear medicine physicians and interventional radiologists, thoracic surgeons, residents, fellows, medical students, nurses, nurse practitioners, physician assistants, pharmacists, and other members of the healthcare team interested in diagnosis and treatment of lung cancer.

Accreditation

JOINTLY ACCREDITED PROVIDER
INTERPROFESSIONAL CONTINUING EDUCATION

In support of improving patient care, MedStar Health is jointly accredited by the Accreditation Council for Continuing Medical Education (ACCME), the Accreditation Council for Pharmacy Education (ACPE), the American Nurses Credentialing Center (ANCC) and the American Academy of PAs (AAPA) to provide continuing education for the healthcare team.

Credit Designation

IPCE CREDIT™

This activity was planned by and for the healthcare team, and learners will receive 6.25 Interprofessional Continuing Education (IPCE) credits for learning and change.

Lung Cancer 2018: Progress and Future Directions

December 8, 2018 | The Wink Hotel | Washington D.C.

MedStar Health
3007 Tilden St., NW, Suite 3N
Washington, DC 20008

MedStar Georgetown
University Hospital
Lombardi Comprehensive
Cancer Center

Lung Cancer 2018: Progress and Future Directions

December 8, 2018
The Wink Hotel | Washington D.C.

Course Directors

Deepa S. Subramaniam, MD, MSc
Georgetown Lombardi Comprehensive Cancer Center
MedStar Georgetown University Hospital
Washington, D.C.

Giuseppe Giaccone, MD, PhD
Georgetown Lombardi Comprehensive Cancer Center
MedStar Georgetown University Hospital
MedStar Georgetown Cancer Institute
Washington, D.C.

MedStar Georgetown
University Hospital
Lombardi Comprehensive
Cancer Center

Course Directors

Deepa S. Subramaniam, MD, MSc

Director, Brain Tumor Center
Director, Multidisciplinary Thoracic Oncology Clinic
Georgetown Lombardi Comprehensive Cancer Center
MedStar Georgetown University Hospital
Associate Professor, Medicine
Georgetown University Medical Center
Washington, D.C.

Giuseppe Giaccone, MD, PhD

Associate Director, Clinical Research
Georgetown Lombardi Comprehensive Cancer Center
MedStar Georgetown University Hospital
Director, Clinical Research
MedStar Georgetown Cancer Institute
Professor, Medical Oncology and Pharmacology
Georgetown University Medical Center
Washington, D.C.

Planning Committee

Chul Kim, MD, MPH

Thoracic Medical Oncologist
MedStar Georgetown University Hospital
MedStar Washington Hospital Center
Assistant Professor, Medicine
Georgetown University Medical Center
Washington, D.C.

Ama O. Marfo, PharmD

Clinical Pharmacy Specialist
Hematology/Oncology
MedStar Georgetown University Hospital
Washington, D.C.

Jillian E. Thompson, MSN, AOCNP

Nurse Practitioner
Georgetown Lombardi Comprehensive Cancer Center
MedStar Georgetown University Hospital
Washington, D.C.

Faculty

Eric D. Anderson, MD

Director, Interventional Pulmonology
MedStar Georgetown University Hospital
Professor, Clinical Medicine
Pulmonary, Critical Care and Sleep Medicine
Georgetown University Medical Center
Washington, D.C.

Joshua Bauml, MD

Assistant Professor, Hematology/Oncology
Perelman School of Medicine
University of Pennsylvania
Philadelphia, PA

Anna F. Farago, MD, PhD

Physician
Center for Thoracic Cancers at
Massachusetts General Hospital
Instructor, Medicine
Harvard Medical School
Boston, MA

Ganesh Krishna, MD

Interventional Pulmonologist
Palo Alto Medical Foundation
Program Director
Interventional Pulmonary Program
Professor, Medicine
University of California, San Francisco
San Francisco, CA

Jonathan W. Lischalk, MD

Radiation Oncologist
MedStar Georgetown University Hospital
Clinical Instructor, Radiation Medicine
Georgetown University Medical Center
Washington, D.C.

Stephen V. Liu, MD

Thoracic Medical Oncologist
Georgetown Lombardi Comprehensive Cancer Center
MedStar Georgetown University Hospital
Assistant Professor, Medicine
Georgetown University Medical Center
Washington, D.C.

Brendon M. Stiles, MD

Thoracic Surgeon
New York-Presbyterian Hospital
Associate Professor, Cardiothoracic Surgery
Weill Cornell Medical College
New York, NY

Kathryn L. Taylor, PhD

Professor, Oncology
Cancer Prevention and Control Program
Georgetown Lombardi Comprehensive Cancer Center
Georgetown University Medical Center
Washington, D.C.

Agenda

7:00 a.m. **Registration and Breakfast**

8:00 a.m. **Welcome Remarks**
Deepa S. Subramaniam, MD, MSc

SESSION I: OF SMOKES, SCREENS AND STAGES
Moderator: Chul Kim, MD, MPH

8:10 a.m. **Case Presentation**

8:20 a.m. **Smoking Cessation Program Implementation**
Kathryn L. Taylor, PhD

8:40 a.m. **The Use of ctDNA in the Management of Non-Small Cell Lung Cancer**
Joshua Bauml, MD

9:00 a.m. **IASLC 8th Edition Guidelines**
Eric D. Anderson, MD

9:20 a.m. **Panel Discussion**
Moderator: Chul Kim, MD, MPH
Panelists: E. Anderson, J. Bauml, K. Taylor

9:30 a.m. **Break and Visit the Exhibits**

SESSION II: MULTI-DISCIPLINARY MANAGEMENT OF LOCALLY ADVANCED NSCLC
Moderator: Deepa S. Subramaniam, MD, MSc

9:50 a.m. **Case Presentation**

10:00 a.m. **Advances in Peripheral Lung Access**
Ganesh Krishna, MD

10:20 a.m. **Proton Beam Radiation Therapy in Lung Cancer**
Jonathan W. Lischalk, MD

10:40 a.m. **Surgical Controversies in the Management of Locally Advanced NSCLC**
Brendon M. Stiles, MD

11:00 a.m. **Panel Discussion**
Moderator: Deepa S. Subramaniam, MD, MSc
Panelists: G. Krishna, J. Lischalk, B. Stiles

SESSION III: TACTICAL TARGETS - ARE WE MAKING PROGRESS?

Moderator: Stephen V. Liu, MD

11:10 a.m. **Case Presentation**

11:20 a.m. **Advances in Small Cell Lung Cancer**
Anna F. Farago, MD, PhD

11:40 a.m. **Update on Targeted Therapies in Lung Cancer**
Deepa S. Subramaniam, MD, MSc

12:00 p.m. **Novel Targets in Lung Cancer**
Giuseppe Giaccone, MD, PhD

12:20 p.m. **Panel Discussion**
Moderator: Stephen V. Liu, MD
Panelists: A. Farago, G. Giaccone, D. Subramaniam

12:30 p.m. **Lunch and Visit the Exhibits**

SESSION IV: ADVANCES IN IMMUNOTHERAPY
Moderator: Giuseppe Giaccone, MD, PhD

1:30 p.m. **Case Presentation**

1:40 p.m. **Chemo-IO Combinations in Advanced NSCLC**
Stephen V. Liu, MD

2:00 p.m. **Nursing and Pharmacy Perspectives in the Management of IO Toxicities**
Ama O. Marfo, PharmD;
Jillian E. Thompson, MSN, AOCNP

2:30 p.m. **Chemo-IO Combinations in Early Stage/Locally Advanced NSCLC**
Chul Kim, MD, MPH

2:50 p.m. **Q&A Panel Discussion**
Moderator: Giuseppe Giaccone, MD, PhD
Panelists: C. Kim, S. Liu, A. Marfo, J. Thompson

3:00 p.m. **Closing Remarks**
Giuseppe Giaccone, MD, PhD

Registration Information

Registration Fees:	Now - December 6	On-Site
Physician	\$175	\$200
Resident or Fellow	\$100	\$75
Nurse Practitioner	\$100	\$125
Nurse	\$100	\$125
Physician Assistant	\$100	\$125
Pharmacist	\$100	\$125
Allied Health Professional	\$100	\$125

Online Registration Preferred

Please visit our secure website at CE.MedStarHealth.org/LungCancer for updated program and registration information. We are unable to accept registrations or cancellations by telephone. If you wish to pay your registration fee by check, please download and print a registration form and mail it to the address on the registration form with your check.

All registrations will be confirmed by email only. Please use an email address that you check regularly. If you have questions regarding registration or do not receive an email confirmation of your registration within 1-2 business days, please contact us at medstarcme@gmail.com or **202-780-1655**.

Cancellation Policy

Cancellations made in writing by **October 26, 2018** will be subject to a 50% penalty. No refunds will be given after **October 26, 2018**. Cancellations will not be accepted by telephone. In the unlikely event that the course is canceled, MedStar Health will refund the registration fee, but is not responsible for any travel costs.

Please call **202-780-1655** or email medstarcme@gmail.com if you have any questions or need any additional information.

Venue Information

The Wink

1143 New Hampshire Ave, NW
Washington, D.C. 20037
TheWinkHotelDC.com
833-334-9465

Room Block

A block of rooms have been reserved for this conference at The Wink at the discounted rate of **\$129 per night** (plus tax). To reserve your room at this discounted rate, go to <http://bookings.ihotelier.com/bookings.jsp?groupID=2288250&hotelID=103690> or call **202-775-0800** and state that you are part of the **MedStar Lung Cancer Meeting by November 8, 2018**.

Special Assistance

MedStar Health wishes to ensure that no individual with a disability is excluded, denied services, segregated or otherwise treated differently from other individuals because of the absence of auxiliary aids or services identified in the Americans with Disabilities Act. Please contact **202-780-1655** to notify us of your needs.
