REGISTRATION INFORMATION

Registration Fees:	
Physician	\$150
Resident/Fellow	\$50
Advanced Practice Clinician	\$75
Nurse	\$75
Allied Health Professional	\$75

Online Registration Preferred

Please visit our secure website at https://CME.MedStarHealth.org/PROSTATE for updated program and registration information. We are unable to accept registrations or cancellations by telephone. If you wish to pay your registration fee by check, please download and print a registration form and mail it to the address on the registration form with your check.

All registrations will be confirmed by email only. Please use an email address that you check regularly. If you have questions regarding registration or do not receive an email confirmation of your registration within 1-2 business days, please contact us at **medstarcme@gmail.com** or **202-780-1656**.

Cancellation Policy

Cancellations made in writing by **March 16, 2018** will be subject to a 50% penalty. No refunds will be given after **March 16, 2018**. Cancellations will not be accepted by telephone. In the unlikely event that the course is cancelled, MedStar Health will refund the registration fee, but is not responsible for any travel costs. Please note registration fees are non-transferable.

Please call **202-780-1656** or email **medstarcme@gmail.com** if you have any questions or need any additional information.

VENUE INFORMATION

Omni Shoreham Hotel 2500 Calvert St NW Washington, DC 20008

Special Assistance

MedStar Georgetown University Hospital wishes to ensure that no individual with a disability is excluded, denied services, segregated or otherwise treated differently from other individuals because of the absence of auxiliary aids or services identified in the Americans with Disabilities Act. Please email **medstarcme@gmail.com** to notify us of your needs.

CME INFORMATION

Course Description

Register today for the only multidisciplinary prostate cancer conference in the region!

This one-day educational experience will examine recent advances in the diagnosis and treatment of patients with localized and metastatic prostate cancer. Expert faculty will deliver state-of-the-art lectures that will include treatment approaches, clinical trials, and future directions. Attendees will have ample time to network with leaders in the field, participate in panel discussions and navigate complicated cases. Key clinical tops will include the use of biomarkers and advanced imaging in the diagnosis and treatment of early stage prostate cancer as well as advances in the multidisciplinary management of patients with high-risk, locally advanced and metastatic prostate cancer. Applications of new therapeutic agents, cutting edge radiation technology and evolving minimally invasive urologic surgical approaches will also be discussed. In addition, recommendations on resources for patients and practicing healthcare providers will be shared including specialized centers of excellence and the Genitourinary Multidisciplinary DC Regional Oncology Project (GUMDROP).

Learning Objectives

- Interpret the role of prostate MRIs in developing treatment strategies for organ-confined prostate cancer
- Distinguish the proper use of early chemohormonal therapy in patients with high-risk and metastatic prostate cancer
- Differentiate intermediate and high-risk patients who will benefit from chemotherapy
- Examine prostate biomarkers in planning treatment for organ-confined prostate cancer
- Recognize intermediate and high-risk patients who will benefit from brachytherapy
- Assess the latest guidelines of the National Comprehensive Cancer Network (NCCN)
- Identify intermediate and high-risk patients who will benefit from immunotherapy
- Recognize intermediate and high-risk patients who will benefit from salvage therapy
- Illustrate the benefits of genetic testing for risk stratification in organ-confined prostate cancer
- Distinguish intermediate and high-risk patients who will benefit from testosterone replacement

Target Audience

This conference is intended for urologists, radiation and medical oncologists, oncologic surgeons, residents, fellows, nurse practitioners, physician assistants, nurses, and other allied healthcare professionals interested in the treatment and management of prostate cancer.

Accreditation

INTERPROFESSIONAL CONTINUING EDUCATION

In support of improving patient care, MedStar Health is jointly accredited by the Accreditation Council for Continuing Medical Education (ACCME), the Accreditation Council for Pharmacy Education (ACPE) and the American Nurses Credentialing Center (ANCC), to provide continuing education for the healthcare team.

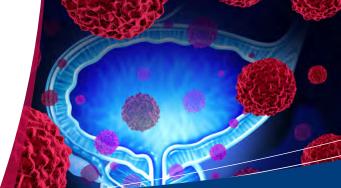

Credit Designation

This activity was planned by and for the healthcare team, and learners will receive 7.25 Interprofessional Continuing Education (IPCE) credits for learning and change.
