Learning Objectives

- Evaluate and compare the available minimally invasive approaches for patients with surgical endocrine disorders.
- Incorporate an interdisciplinary approach to the recognition, diagnosis, and management of patients with surgical endocrine disorders.
- Recognize the proper application of different surgical and medical procedures to patients with surgical endocrine disorders.
- Identify the roles and responsibilities of members of the healthcare team involved in the collaborative care of patients with endocrine disorders.
- Integrate a team-based approach in the care of patients with endocrine disorders.

Accreditation

JOINTLY ACCREDITED PROVIDER™
INTERPROFESSIONAL CONTINUING EDUCATION

In support of improving patient care, MedStar Health is jointly accredited by the Accreditation Council for Continuing Medical Education (ACCME), the Accreditation Council for Pharmacy Education (ACPE) and the American Nurses Credentialing Center (ANCC) to provide continuing education for the healthcare team.

Credit Designation

MedStar Health designates this live activity for a maximum of 2.5 *AMA PRA Category 1 Credits™*. Physicians should claim only the credit commensurate with the extent of their participation in this activity.
